Press/Tv/Radio matters over the past month 15.6.93 - 15.7.93..

Southampton Evening Echo 17.6.93 reviewed the new film 'Fire
in The Sky', based on the abduction of Travis Walton. A short
article that was interesting to read.

Did anyone see This Morning on the 14.6.93 at around 11am. I
missed the first part of the programme, but in the second half,
there was a phone in, featuring Jenny Randles. One caller, was a
policeman, who phoned in about the ufo he saw, and that was seen
along the West coast of England and the East coast of Ireland.
on the 31 March 93.

Did anyone see the first half and record it ?.

On Meridian News (sorry, date unknown), a small item about seven
hoaxed circles found in a field. The farmers union and police
are to prosecute anyone found in fields, 'creating' circles or
in fields without farmers permission....

Magazine Review :

In this months newsletter, I have 10 magazines to take a look
at, all received over the past 4 weeks....

1. Ufo Magazine (Quest International) : March/April 1993.
This issue covers a wide range of topics from the Phobos 2
Incident, The Hidden Agenda, The New Zealand UFO Wave of 1909,
an update of recent ufo sightings and much more. Well worth a
look at. Contact : Quest International, 18 Hardy Meadows,
Grassington, Skipton, N. Yorkshire BD23 5LR.

2. Circles Research (Maria Ward) : June 1993.
This issue covered the first reports of 1993, with an update of the formations found. Also, contained ufo sightings in Sussex, Kent and Hampshire. A very good news sheet full of information. Contact : Maria Ward, 1 Louvain Road, Greenhithe, Kent.
3. OVNI : (Omar Fowler) : June 1993.
Contained a review of the Mansfield Bridgeford, Nottingham and 29th May, A ufo sighting at West Bridgeford, Nottingham and the sighting of a ufo in Turkey by Omar Fowler. Worth a look at... Phenomenon Research Association, 12 Tilton Grove, Kirk Hallam, Ilkeston, Derbyshire DE7 4GR.
4. Fortean Times : No 69.
Takes a look at the so called crop hoaxer groups in the United Kingdom, and an interview with David Jacobs, author of Secret Lives. Available through newagents..
5. Cosmology Newslink : No. 47.
Nothing at all on ufos in this edition. Subjects covered are ghosts, fairies, the yeti and dinosaurs.
As from the end of the year, the magazine will cease and will be replaced by a new psychic magazine. Details from : Edward Harris, 16 Newton Green, Great Dunmow, Essex, CM6 1DU.
6. Bufora (Ireland) Journal : Vol 1 and 2 1993.
This is a new magazine that started in 1993. Although Bufora Ireland has been going for some times, they have decided to launch the new journal. Although some of the material is old news ie socorro, Roswell and one or two dubious photographs of aliens, some great material on Irish sightings are inside both editions. If you have a few pennies to spare, then obtain a sample copy and see what you think...
One thing I like about the Journal, is the plastic cover.. a nice idea.....
Details from : Bufora (Ireland) Branch, P.O. Box 3070, Whitehall, Dublin 9, Eire.
7. Crop Watcher (Paul Fuller) : No. 16 1993.
Paul Fuller has yet again produced a great magazine. Packed with news, views, information on the crop circle phenomena. Items include : 2nd part of an interview with Doug Bower, Physical Trace catalogue by Ted Phillips and much more.
Details from : Paul Fuller, 3 Selbourne Court, Tavistock Close Romsey, Hampshire. SO51 7TY.

8. ~~The Circular Review~~ : Journal of East Midlands, Yorks and
Humber side branches of C.C.C.S.

A nicely produced newsletter on the crop circle movement in
the Midlands and East coast. This edition has a list of
reported crop circle formations from the first one in April,
up until 7/8 June. A great read and I like the way it is laid
out.

Details from : Circular Review, 62 New Terrace, Pleasley,
Mansfield, Nottingham, NG19 7PY.

9. The Hereford Ufo Research Group Journal : Issue 1 1993 :

This is a new journal to the ufo scene. Edited by Paul John,
it made good reading, full of reviews, information and report
exchange and 4 case reports from around the UK. At around £1

was the editorial address or did I miss it (ED) ????

Round-up of recent sightings/reports :

Ufo sightings over the past two weeks have been flooding in. One
of the first reports came from the Bristol area around the end
of June. It appears up to 30 people have seen up to 8 objects
over the area between 23.00hrs - 06.00hrs in the morning.
(more on these sightings in next months newsletter, as I hope
to be getting press cuttings from the area).

Warminster seems to be waking up to the ufo phenomena again...
At the end of June, two objects were reported flying towards
Cley hill. Then following this, a circle was found in grass on
Cop Heath nr Cradle hill. The circle was about 15ft across and
was burnt in places. Also, there was a report of 5 shooting stars
seen over the Warminster area together (Is this a natural thing
or not (ED)).

(a friend went up to Cop Heath following the report, only to
find that the whole area had been mowed very short and there
was no sign of the circle... (I wonder why and who by... ED).

Then, over Southampton at the end of June, up to eight objects were seen over towards Totton. The witness, first sighted a group of eight orange/yellow circles of light, in no real formation, in the sky. These then appeared to disappear. Then, to the left, the objects returned, but in groups of two on top of each other, with one light at a great height. These also appeared to go out and disappear. Then, in the same area as the first sighting, two objects that looked like they were 'driving' down a mountain road, the lights sweeping around the tight corners, and these disappeared never to be seen again.

Then, the icing on the cake, was the possible filming of two ufos over Warminster, about the 3rd of July. (More news on this in the next issue).

(What is the connection if any, between the above sightings..ED)

Has anyone any knowledge of any recent ufo sightings over North Wales in early July....The Editor would like to hear from you!!

Ufo Group !!!

I understand that there is a crop circle/ufo group in the Havant area of Portsmouth, Hampshire. Can anyone supply any details about the group such as a contact name, address etc.

Sunday Telegraph 4.7.93 :

New Light on Ghoulies :

Mysterious lights in remote marshes, glowing shapes floating through dank Gothic cemeteries - the very stuff of ghost stories. It was long thought that the palely loitering Will O' the Wisp was connected with methane, or marsh gas, but how could it ignite spontaneously?

Now, reports New Scientist, Gunter Gassman and Dieter Glindemann of the Helgoland Biological Institute in Hamburg say the culprit is diphosphane, derived from phosphates and produced in the same strongly reducing chemical conditions as methane - as in decaying corpses in damp ground. They found it in the digestive tracts of cows and pigs. In humans concentrations are even higher because we eat more phosphates in processed meats and cheeses and cola drinks. Diphosphane burns spontaneously when released into the air, providing the needed ignition.

And so it seems that Will O' The Wisp, like Jumping Jack Flash, is a gas, gas, gas....
